
Wie sollten die Erinnerung und Gedenkort herausarbeiten?

Im vergangenen Jahrzehnt haben sich die Lernformen verändert. Wir müssen unsere Fragestellungen anpassen, stärker von den Opfern auf die Täter fokussieren, denn in ihren Strukturen, in ihren Mentalitäten liegen die Ursachen für den Terror. Aber die Gedenkstätten sind im Vergleich zu großen Museen finanziell und personell unterprivilegiert. Wir können die vielen interessierten Menschen aus altem Welt nicht so betreuen, wie wir das wollen. Ein oder zwei Tage für die Gruppen eine ganze Woche lang an diesem Ort zu lernen, ist viel nachhaltiger, als zwei Stunden lang über das Gelände geführt zu werden.

Würden Sie die Vermittlung annehmen?

Wir setzen auf selbstständiges Lernen, geben auf Interessen und unterschiedliche Bewusstseinsstufen ein. Wir haben ja mit Absicht keine große zentrale Ausstellung, sondern spezialisierte, kleine Museen in den authentischen Gebäuden, etwa zu der Frage, die sich noch immer aus der Bewältigung der eigenen Familienerzählungen ergibt: Was hat eigentlich die Umgebung? Was uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns, uns,
